Army Begins Nationwide 'Blitzkrieg' Maneuvers

Biggest scale peacetime maneuvers in history, training Uncle Sam's fighting forces for blitzkrieg warfare, will mobilize 310,000 members of the Regular Army, the National Guard and the Reserve in the East, South, Middle West and West from August 4 to 25. Newest methods of warfare including mechanized "panzer" brigades, airplanes, motorized divisions, tanks, anti-aircraft corps, mobile infantry and other arms of the service will be given practical demonstrations.

County News

Rush Construction—

So rapid has been construction work on the \$10,000,000 federal aeronautics research laboratory at Moffett field that the technical science building and the substation powerhouse are almost completed.

Bad News—

San Mateo county no longer can be referred to as "The Second Fastest-Growing County in the Fastest-Growing State." It lost that distinction during the past decade, release of census figures for California showed today.

Inside, Outside—

Making her first tour of "the outside," Margaret Scott, who holds the 1940 title of "Miss Nome" was a visitor in San Carlos last Tuesday. The 21-year-old brunette won her title in competition with Alaska's prettiest girls at the Fairbanks Ice Carnival, annual festival held this spring in Alaska.

Since then, Miss Scott has been feted at sourdough parties in half the states of the Union. In New York she met Mrs. Franklin D. Roosevelt, Major Bowes of radio fame, Rex Beach and other celebrities.

Salads, bananas, orange juice, street cars, 5-and-10-cent stores and the bright lights of Market street, are being thoroughly enjoyed by "Miss Nome," who hopes to remain in San Francisco, her "favorite city" or on the Peninsula for several months before sailing North.

Seek Coast Guard Aid—

Establishment of a U. S. Coast Guard station near Half Moon bay was sought by the San Mateo county board of supervisors last week.

The board pointed out in its resolution that purchase of recreational lands along the Coastside has greatly increased public activity on the beaches and that several accidents already have occurred because of this increased activity.

Commercial fishermen along the 60-mile coastline of the county also would be benefitted by such a station, the resolution stated.

Fifty-Four Boys Leave For Summer Camp

"Off to camp at last," fifty-four boys piled into a bus early Monday morning for a week's outing at Camp Shadowbrook in the Santa Cruz mountains.

Anticipated swimming, hiking, fishing and sleeping in tents, were all reflected in the happy faces which Monday greeted Edward High, Boys camp director and local WPA Recreation leader, who is in charge of the group.

Most of the boys have earned their own way to camp this summer by participating in the lawn and garden program sponsored by Mr. J. W. Marchbank, the Daly City Record and the WPA Recreation department.

Medical examinations were donated by Dr. A. A. Shaghoian, Dr. Ivan T. Budaeff and Dr. Lawler A. Drees. Dental examinations were donated by Dr. W. J. Lanthear and Dr. J. C. McGovern.

Daly City To Enter Hobby Exhibit

Plans to enter a Daly City exhibit in the hobby section of the San Mateo county fiesta at Bay Meadows, September 19-22, was announced today by Bruce H. Boynton, local WPA Recreation leader.

Craft work of every description, including ceramics, needlework, carving and many other types, (Continued on Page 3)

"Mothers Day" At Social Center

Today is "Mothers Day" at the General Pershing school, according to Bruce H. Boynton, local WPA Recreation leader.

All mothers are cordially urged to attend the special social program which has been planned for them this afternoon.

Directing the affair will be Miss Marie Bell and Mrs. Clara Mitchell, Recreation leaders in charge of the Pershing center at 631 Hanover street.

General Pershing socials start at 1 p. m. A large turn-out is expected for this afternoon, and mothers are urged not to disappoint the children, who have planned to entertain them.

Plant A Tree

One day last week Ed Goldkuhl jr., popular young Daly City fireman and laundry salesman, walked into The Record office with a good idea.

"Why not promote a tree planting campaign for Daly City," he said. "Nice trees along the streets, similar to those in Burlingame and other Peninsula cities would add much to the beautiful appearance of our community."

By way of developing the idea The Record has this to offer: A program could be arranged whereby this newspaper might buy the trees. The fire department might undertake the responsibility of setting the trees out. The city might take over the job of caring for the trees—watering to get them started, trimming them to uniformity once or twice a year.

What do you think of the plan? If you think it's a good one drop a letter to The Editor, Daly City Record, Daly City.

Historic Piece of Pipe In Neighborhood Drama

An old pipe that was carried around the Horn in a sailing vessel more than seventy years ago played the major role in an exciting Daly City incident this week.

It was nearly a century ago that the Spring Valley Water company imported piping from Scotland, at great cost and labor, to install a 36-inch water main under the land on which Daly City now stands.

For all those years, the main supplied San Francisco with an average of seven and one-half million gallons of water daily.

Last Thursday afternoon, disaster overtook the old pipe. A 4-yard concrete truck, backing into a construction site on the corner of Citrus and Miriam streets, struck an iron marker just below the surface.

The marker plunged down into the main, ripped a large gash through it, and started a miniature flood.

Excited residents called the local water department to halt the (Continued on Page 3)

LAY PLANS TO KEEP DEATH OFF BAYSHORE

Civic Leaders Seek Highway's Reconstruction

Rapid reduction of the staggering automotive slaughter on Bayshore highway was seen by hopeful civic leaders throughout San Mateo county this week, following a meeting with the State Highway commission in San Mateo city hall on Friday.

Appropriation of long-sought funds for the reconstruction of Bayshore into a modern and safe highway and an early start on the project were promised by Lawrence Barrett of San Mateo, chairman of the State Highway commission, at the conclave.

"I can assure you we will set up sufficient funds to start a program that we will all be proud of," Barrett told nearly 200 persons representing leaders from communities from San Francisco to Monterey county.

Funds for the multi-million dollar project will be allocated in the commission's 1941 biennial budget, Barrett explained, and it will be the middle of next year before any actual construction can be started.

The plans are to make the highway a "freeway" with perhaps 10 lanes, and with 17 dangerous intersections in clover-leaf design.

Officials declared that the Bayshore is the most convenient route for north and south-bound (Continued on Page 3)

Officials Ask-- Are You Counted?

In an urgent appeal to all persons missed by the census, Daly City police department today issued a final plea to everyone not yet counted either to mail the blank reprinted on page 4 or else to telephone RAndolph 4212, immediately.

A number of persons have already reported that they were not contacted by census enumerators. An entire block on Oliver street was reported missed, according to the police.

Police also pointed out that many residents living in the Colma area, who are legal residents of Daly City, may have given their address as "Colma" through error. All such persons are urged to contact the police department.

Serious doubt as to the accuracy of the census count here was expressed by many city officials. Daly City's population, estimated (Continued on Page 3)

Alumni To Gather At Dinner-Dance

"That old Jefferson spirit" is expected to reign supreme, Saturday night, when a large crowd of alumni will gather at the Richelieu hotel in San Francisco for a gala dinner-dance.

The reunion will be staged at 8 p. m. and will be open only to alumni and their partners. A committee of twenty-four persons are in charge of arrangements. Full details about the event may be secured from Roy Wilson at the Central Creamery, 6288 Mission street.

All alumni of the high school are cordially invited to attend. The committee pointed out that graduates not yet contacted should make their reservations immediately. Tickets are nominal in price.

To Eliminate All Cross Traffic Movements

Detailed plans for reconstruction of the new Bayshore highway into a futuristic high speed divided "freeway" were shown to a large crowd which adjourned to the San Mateo theatre Friday afternoon, following the State Highway commission's morning session.

Principal feature of the new roadway is the fact that there will not be a single cross traffic movement and all possible chances for serious accidents are practically eliminated.

At all intersections, the entrance into the main highway is by outer lanes and exit is by the same methods. These lanes gradually flow into the traffic stream going in the same direction so that the motorist has a chance to speed up to normal traveling speed before entering the traffic stream. Upon leaving the road he can slow down after he leaves the main road. These are called accelerating lanes and decelerating lanes.

First unit of the road which would reach from South S a n Francisco to Broadway, Burlingame, would cost \$2,300,000 and could be completed in about a year or more, it was stated by authorities.

It is estimated with normal revenues that the entire project could be completed in 10 years. This, however, might be shortened should public demand result in a toll system being installed to finance the huge undertaking.

It was pointed out that no commercial business is permitted on the main roads themselves but that it is allowed on the service roads.

Pictures were also shown of each proposed Bayshore intersection showing how the entrance and exit would be made by grade separation and using loops and channels of traffic. It is so carefully worked out that it is almost impossible for a driver to become confused.

Invite D. C. Band To Play At Napa

The growing fame of Daly City's municipal band this week brought the local musicians an invitation to serve as official band of the Napa county fair at Napa, California, August 17-18.

This announcement was made today by Conductor George E. Brenner, who stated that the band had accepted the invitation.

With Conductor Brenner, Drum Majorette Bobbie Bruce and Drum Major Tipton Banks, forty members of the group will leave here Saturday, August 17.

Upon arriving in Napa they will parade through the down-town districts and then go out to the fair grounds to play for the horse show that evening.

Sunday morning, the band will split into two groups to ride on huge circus-style band wagons in an unusual street parade. During the afternoon, members will attend the performances at the fair grounds, including races, horse shows and a rodeo.

Officials will fete the Daly City band on Sunday evening with a huge barbecue at the city water works park.

As Fruits Ripen

By Frances Lee Barton

STRAWBERRIES, raspberries, blackberries, blueberries—these luscious wild or cultivated berries follow each other as the summer comes and goes. They should be enjoyed as they appear in our local stores—not only fresh, with cream, but in tasty desserts.

Try the following recipe several times this year—each time using a different berry. You'll be surprised at the difference in flavor yet uniform excellence of the dessert.

Fresh Fruit Tapioca

4 to 5 tablespoons quick-cooking tapioca
2½ cups fruit juice and water
½ cup sugar
¼ teaspoon salt
2 cups sliced or crushed fresh fruit

1 to 3 tablespoons lemon juice
Sweeten 2 cups sliced or crushed fruit and let stand ½ hour. Drain; add water to juice to make 2½ cups. Combine tapioca, fruit juice and water, sugar and salt in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add fruit and lemon juice. Cool, stirring occasionally—mixture thickens as it cools. Chill. Serves 6 to 8.

Use any fruits in this recipe, i.e., fresh strawberries, raspberries, blueberries, etc.

What's New in Cooking

by Gertrude Diet

Husbands Like Foods That are Hearty

LET a man see "beef and horseradish" on a bill-of-fare and it's dollars to doughnuts that he will order it. Mrs. Homemaker is sure of appreciative applause when this old favorite appears on her own dinner table.

Pot-roast of beef and horseradish gravy is a somewhat different guise for these famous food affinities. It is so easy to prepare, too, because the sauce and pot-roast are cooked at one and the same time, saving both work and dishes.

The deep-well cooker of your modern electric range is ideal for cooking a pot-roast, which needs a steady low heat after browning. Then it will be tender and juicy, but it will not fall to pieces in carving.

Pot-Roast of Beef with Horseradish Gravy

3-4 pounds beef rump or chuck
3 tablespoons fat
Flour for dredging
2 teaspoons salt
¼ teaspoon pepper
1 small bottle prepared horseradish

Dredge the meat well in flour which has been seasoned with the salt and pepper. Brown meat well on all sides in the melted fat (leaving the cover off) with the switch of the deep-well cooker turned to "high." Then pour the horseradish over it and turn switch to "low." Cover and cook until the meat is tender, about 2½ to 3 hours. Turn two or three times during the cooking so that meat takes on the horseradish flavor. It may be necessary to add a little water if the liquid from the horseradish is not sufficient.

Make gravy as usual, and you will have the most delicious horseradish sauce that anyone ever tasted.

If there's anything in the way of

foods that men love, it's hot muffins! When muffins are on the breakfast menu, why not utilize the oven for cooking the bacon, too? It takes 25 minutes for the muffins to bake and 20 minutes for the bacon to cook, so by the time you have arranged the bacon in a cool dripping pan and put the pan in the oven, muffins and bacon will be ready to come out. When large quantities of bacon are to be cooked the oven method is quick and convenient. The oven temperature of the modern electric range should be 400°.

Curry powder, used with discretion, will give an interesting flavor variation to lamb stew.

"Broiler breakfasts" are beloved by men and they're popular with homemakers, too, when there's a modern electric range to do the broiling. There's no danger of foods catching fire, no disagreeable smoke to make you start the day wrong. "Broiler breakfasts" economize on time and dishes, too. Here's a sample menu, with everything but the coffee prepared in the broiler of your modern electric range.

Broiled Apple Rings Crisp Bacon Slices Toasted English Muffins or Rolls

To make the crisp bacon slices, dip strips of bacon in cream, then roll in flour. Place on rack of smokeless broiler pan in your modern electric range. Turn switch to "broil." Broil, turning once, until bacon is crisp and brown.

Baked apples are a masculine favorite. Bake them in muffin cups to help them retain their shape.

At The Fair

The courtyard of the beautiful Mission Trails building has been converted into a flower lovers' paradise. Earl B. Ingram, landscape architect for the California commission to the Golden Gate International Exposition stated today.

Ingram said the largest single display of varieties on Treasure Island, numbering over a hundred sparkling varieties, are now in bloom in the peaceful old mission gardens.

Blooming in the courtyard for the first time on the island this year are the godetias in four shades—orange glory, gloriosa

Glass To Save Lives

Jane Wyman, Hollywood film player, displays one of the first of the new traffic slogan bottles to be distributed by dairies and merchants to help curb automobile fatalities.

Milk Bottles Carry Traffic Safety Slogans

Millions of traffic caution slogans are soon to be circulated by the dairy industry in a campaign to help curb automobile accidents in the United States.

Sacrificing advertising space in their bottles, many dairies around the country—and particularly those in California, Washington, Oregon, Utah and Arizona—are coloring the sides of the glass with catchy caution slogans directed at children. One slogan, in rhyme, reads:

"Let's look both ways for autos
And cross the street with care.
Why take Needless chances,
With no arms or legs to spare."

The slogans are burnt into the glass with ceramic paint to withstand live steam sterilization. Scope of the campaign can best be estimated by the fact that more than 30,000,000 bottles of milk are distributed in this country each day.

Doubles in Mirrors

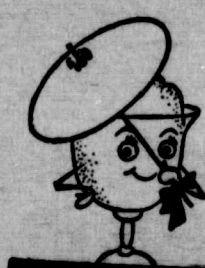

The balcony of the Forum restaurant, which opened recently in Chicago, is designed as half a room, but diners feel that they are in a whole room twice as large. The room is "completed" by reflection from a huge plate glass mirror which covers one wall. The lighting fixture is a half-circle of plate glass, also "completed" by the mirror.

Summer's Snow

By Frances Lee Barton

WE have no sleet in summer time.

No chilly breezes blow.

We have no icicles or frost;
And yet we can have "snow."
Plum - flavored,
fresh and
mighty fine—
A snow dessert,
you know!

Fresh Plum Snow

1 package raspberry-flavored gelatin
1 pint hot water
1 cup ripe plum pulp
4 tablespoons powdered sugar
2 egg whites, unbeaten

Dissolve gelatin in hot water. Chill. Combine plum pulp and sugar. When gelatin is cold and syrupy, place in bowl of cracked ice or ice water, add egg whites, and whip with rotary egg beater until fluffy and thick like whipped cream. Fold in plum pulp and let stand until slightly thickened. Turn into individual molds or pile lightly in sherbet glasses. Chill until firm. Serve with whipped cream or custard sauce, if desired. Serves 12.

at 12,000, was reported only 9,612 by the census bureau. This shows an increase of only 2,000 persons in the last ten years.

A miscount of 3,000 persons will mean an annual loss to the city of nearly \$65,000 in state and federal revenues, officials stated.

Census questions are easily answered, and for the average person require only a few moments to complete, the city officials pointed out.

"For the sake of this community and its future growth," said Mayor J. J. Fahey today, "you owe it to yourself and others to report your name if you were missed. I am sure the police department will do everything in its power to cooperate with the public in this matter."

traffic on the Pacific coast, and cited an increase of 20 per cent in 1939 over 1938 in volume of traffic flow. This is more than double the increase on any other highway in the state, they said.

Bayshore highway is an artery serving more than one million people in Northern California, it was declared, with the added statement that "this constitutes one-seventh of the state's population."

Eliminating traffic hazards on the Bayshore was considered of most immediate importance of five San Mateo county road projects which were recommended to the commission. Also discussed were the El Camino Real widening between Redwood City and Palo Alto, widening of the Sharp Park bottleneck on the Coast highway, extension of Junipero Serra highway from San Bruno road to Sneath lane, and development of the 2.7-mile strip of the San Joaquin to the Sea highway immediately east of Half Moon Bay.

Drop Prosecution In Stabbing Case

Fred W. Canaris, 57-year-old carpenter recently stabbed with a carving knife at his home, 243 Los Olivos avenue, last Tuesday failed to substantiate a charge of assault with a deadly weapon placed against his housekeeper, Miss Goretta Kilroy.

At a preliminary hearing held in the city hall before Judge Wade H. Clay, Canaris told the court that he could not remember the circumstances under which he was stabbed. Intoxication at the time was given as the reason for his inability to recount any details of the evening upon which he suffered deep chest wounds, a slashed finger and scalp lacerations.

Because of Canaris' unwillingness to proceed with the prosecution, the case against Miss Kilroy was dismissed upon motion of the district attorney.

Public utility power plants now require close to 50,000,000 tons of coal annually for their operation, but that amount is only half of what would be needed by equipment of 20 years ago in producing the same amount of electricity.

"Boy, do Scouts know how to grow vegetables!" exclaimed the Editor one night last week as he sat down to dinner.

Spread before him were crinkly fresh lettuce, crisp new carrots, little red beets and various other greens—all part of a "bouquet for the Editor" which Boy Scout Troop No. 141 brought into the Record office last week.

Since early this Spring, the Scouts, under the direction of Joseph Straughan, have been growing neat rows of vegetables in an empty lot on Los Banos avenue. Working for gardening merit badges, each Scout has cared for a twenty-five foot square plot, raising at least \$5 worth of vegetables on it during the season.

As a result of their garden work, several of the boys are now enjoying a week's camping trip in the Santa Cruz mountains as part of the "city beautification" program sponsored by Mr. J. W. Marchbank, the Record and the WPA Recreation department.

Boys whose fresh vegetables helped furnish a surprise salad treat for the Editor included Paul Underhill, Bill Reardon, James Meidl, Kenneth Claussen, Elmer Raanes, Tommy Tromborg, Roy Camillo and Keith Claussen.

The lot for the garden, as well as water for irrigation, was furnished by Mr. and Mrs. Carl Benitez, 13 Los Banos avenue.

Building Inspection

By A. J. Bodien, Chief
Building Inspector

(Editor's Note: This is the first of a series of articles by A. J. Bodien on the building inspection and water departments of Daly City. Bringing salient information to the general public, it is the intention of the series to better acquaint residents with suggestions and explanations of both water and inspection departments.)

To The Contractor:

In order to promote better understanding between the builder and the building inspection department of the City of Daly City, a few suggestions are made here that should be helpful to all concerned and to the happiness, health and protection of our community:

1. Please secure proper permits before building or altering any building.

2. A set of plans and specifications shall accompany all requests before starting any work.

3. Building permit fees must be paid when request is granted.

4. We suggest that water services be applied for with building permits, as the water department has routine work and can not make connections on short notice.

5. A permit is required to dump lumber or materials on the street and proper protection with lamps or flares at night is demanded.

6. Where heavy lumber or materials are to be trucked over curbs or sidewalks the same must be planked.

7. Roofers will cover all space under tar melting pots with one inch of sand.

8. Plaster and cement men are expected to keep the street as clean as possible and avoid the blocking of gutters and sewer manholes with waste materials.

9. Daly City has adopted the Uniform Building Code of 1937 and expects all builders to comply with the same.

10. All power connections on sidewalks for electric saws must have switchboxes that must be locked at night.

11. Your building inspector hopes to be helpful to all builders and invites any suggestions that will go to make Daly City even a better place in which to live.

D. C. Golfer Wins Honors In Nat'l. Tourney

Acclaimed as one of the best amateur golfers in the nation, Einar Hanson, 221 Hillcrest drive, returned home Monday evening from the 1940 National public links championship at Detroit Michigan.

Making a remarkable record in the world's largest major golf tournament, Hanson was one of the team of three lads who carded a total of 435 to take the Harding Cup, emblem of team championship, for San Francisco. Thirty-four teams, a record entry, sought the award.

In the gruelling individual matches, Hanson was one of the last 32 survivors of more than 2,600 golfers who weeks ago entered the tourney. One of the 64 final qualifiers, Hanson was defeated in the second round on the Rackham municipal course, Royal Oak, Michigan.

SOAP BOX RACER

Failing to qualify by only 9/10 of a second, the fast little home-made racer shown above made its debut on Treasure Island, Sunday afternoon, in the National Soap Box Derby preliminaries.

The coaster was made by Don Bortis, 13-year-old Jefferson grammar school student, who was one of some 200 boys in the Bay area entering the Treasure Island runs.

Minimum time allowed for the qualifying run was 17.5-7 seconds. Don's racer made it in 18.6 seconds. Less than 20 coasters qualified.

Pistol Team Wins Three Awards At Shoot

Expert shooting on the part of the San Mateo county sheriff's pistol and rifle team last Sunday won them three awards at the huge Oakland shoot sponsored by the Oakland police department.

Ray Ottoboni, captain of the team, placed first in both the .22 and the .45 event, while Bud Richardson in the second team brought home a trophy.

Thirty-eight teams from throughout the state competed in the match. The San Mateo team won acclaim for their appearance, as well as their shooting, since they were dressed in complete new uniforms, similar to those worn by the highway patrol.

Income Up In Seven States

From 1929 to 1937 America's national income dropped 12 per cent, but increased buying power, according to the department of commerce, was registered in the District of Columbia and seven states, Florida, Idaho, Nevada, New Mexico, North and South Carolina and Virginia.

Plan August Outing For Troop No. 141

Tentative plans for a camping expedition for Boy Scout Troop No. 141 the latter part of August were announced today by Scoutmaster Joseph Straughan.

Traveling in Soya Bean II four members of the troop, Glenn Goode, Paul Underhill, Bill Reardon and James Meidl, scoured the Russian river country last week to find the "most perfect" camp site for the outing.

Accompanying the boys on their two-day trek was Scoutmaster Straughan.

U. S. Farm Imports

U. S. imports of agricultural products, except forest products and distilled liquors, have averaged \$1,582,000,000 annually for the past 16 years.

Social Security Payments Outlined

Plans for getting in touch with claimants who may now be entitled to monthly insurance payments under the federal social security act were announced today by C. V. Carlson, manager of the San Mateo office of the social security board, who has returned from a regional conference of social security officials in San Francisco. Carlson said special attention will be given to informing widows and surviving children of insured workers who have died since January 1 of the insurance payments now provided by the act.

"This is a new feature of the law," Carlson said, "and some families may not be informed of their rights. Several of these claims by the surviving widow and children of the deceased worker have already been filed with the San Mateo office, but we are anxious that no one entitled to these payments will be overlooked."

Monthly insurance payments will be made, it was explained, if the worker died this year, leaving a widow with a child under 18, provided the father previous to death had worked at jobs under the social security act in at least six calendar quarters within the past three years with earnings of at least \$50 in each of the six quarters. The San Mateo office of the social security board, located at 308 Baldwin Avenue, receives claims from families entitled to insurance payments and also from eligible workers who have attained age 65 and have had sufficient employment under the law to entitle them to monthly payments upon retirement.

Place Responsibility With Sightseeing Driver

Responsibility for the accident in which he was killed was placed last Tuesday on William Lithgow, 45-year-old San Franciscan, by a coroner's jury at the W. C. Lasswell company mortuary, 6154 Mission street.

Lithgow's car crashed head-on with an army truck while he was on a sightseeing tour of the San Francisco Bay region on Skyline boulevard near Colma. He died of internal injuries.

U. S. Army Offers Peace-Time Opportunities

Unprecedented peace-time opportunities for promotion are being offered in the U. S. Army with the establishment of scores of new units, it was pointed out today by Colonel G. T. Perkins, who is in command of the Northern California Recruiting district.

With more than a dozen new units being organized at Camp Ord, near Monterey, California, to form the new Seventh division and its auxiliaries, and with personnel to be drawn principally from Western states, chances for non-commissioned officers ratings are excellent for those who have had prior service.

ROTC, CMTC or high school graduates stand an excellent chance of advancing rapidly in the growing army, Colonel Perkins said.

"Ambitious youths enlisting with a desire to advance will find the 'go signal' awaiting them at every turn," Perkins assured.

Local recruiting headquarters are located at Oakland, New Post Office building; San Jose, 211 New Post Office building.

News of Daly City's Organizations

Native Daughters Plan Large Sale

Final plans for the summer's largest rummage and food sale, August 8 and 9, were announced today by Mrs. Dorothy Donofrio, committee chairman of the two-day event.

Sponsored by El Carmelo Parlor No. 181, Native Daughters of the Golden West, the sale will be held at 6274 Mission street.

Members of the committee include Florence Hopman, Helen Meyer, Louise Eliason, Helen Lynch and Christine Hulme.

Among the articles offered for sale will be wearing apparel for men, women and children; dishes, cups, bowls, chairs, lamps, pictures, novelties and many other items.

The food section will feature home-made cakes, pies, cookies, preserves, relishes, tamale pies, candy and other specialties.

"There will be something of value there for everyone," the committee said. "Prices will be low and there will be bargains for every sized purse. We cordially invite the public to visit this sale."

Legion Auxiliary Sponsors Whist Party

Mrs. Margaret Kenney will be chairman and Mrs. Naomi Murphy and Mrs. Kathleen Matzek co-chairmen of the whist which Daly City Unit No. 410, American Legion Auxiliary, will sponsor Friday afternoon.

Attractive prizes have been offered for winners of the game, and the public is cordially invited to attend. Playing will begin at 2 p. m. in Legion hall, 474 San Diego avenue.

D. C. Theatre To Show Sparkling "Irene"

Standing for years at the top of song popularity, "Alice Blue Gown" is brought back to public favor in RKO Radio's sparkling new film version of the musical comedy, "Irene," which opens tomorrow at the Daly City theatre.

Reproduction of the famous tune, however, is not confined merely to having it sung by Anna Neagle, the British film and musical comedy star who plays the title-role in the new offering and who does sing the number in the society ball sequences.

Martha Tilton, the noted "torch" singer, subsequently gives the tune a torrid rendition in a unique revue sequence in which the progress of the song around the world is disclosed. A Hawaiian girl sings it to the accompaniment of steel guitar and ukulele; a Chinese version with old Chinese instruments plunking in the background carries the tune; followed by French and English versions, and as a finale a chorus of more than 100 Negro voices "swings" it in a Harlem setting.

The other hit numbers of the stage show, including "Castle of Dreams" and "Irene," are also sung in the picture, as well as a number by the composers of the original tunes, Harry Tierney and Joseph McCarthy.

Ray Milland is co-starred with Miss Neagle in "Irene," with Roland Young, Alan Marshal, May Robson and Billie Burke in important roles. Herbert Wilcox produced and directed.

Companion picture will be "Outside The 3-Mile Limit," starring Jack Holt and Harry Carey.

ABOUT TOWN

Mr. and Mrs. Art Rainer, Mr. and Mrs. Mervin Conroy and Mr. and Mrs. John Leepin, all of Daly City, spent Sunday at Boulder creek and Big Basin.

Miss Rose and her two brothers, Ben and Bob Rosenberg, 876 Brunswick street, returned home Sunday evening from a two weeks' vacation at Boyes Springs. Miss Rose announced that her dancing classes will re-open as usual next week.

Mr. and Mrs. William Clark and their son, Ralph, 251 Wellington avenue, recently returned home from an enjoyable week's vacation spent at Lake Tahoe.

Jack Morel Sumner, 22, and Marie Antoinette Marotta, 19, both of Daly City, were recently granted a marriage license in San Mateo county.

Initiate Four New Members Into Auxiliary

Four new members were initiated into Daly City Unit No. 410, American Legion auxiliary, Monday evening at Legion hall. Welcomed into the group were Mrs. Herbert Grieb, Mrs. Mary Travis, Mrs. George Stubbles and Mrs. Elizabeth Brida.

Impressive ceremonies marked the installation of new officers for the coming year. Distinguished guests included Mrs. Bessie Wood, president of the Twenty-sixth district, who acted as installing officer; Mrs. Helen Madden, first vice-president of the district, and Carl Anderson, commander of Daly City Post No. 410, American Legion. Several other notables were also in attendance.

Performing the initiatory and installation work was the San Mateo county drill team, district No. 26, American Legion auxiliary.

Following the rites, lovely bouquets were presented to the incoming president, Mrs. Vivian Pahlka, and to the distinguished guests. Refreshments concluded the evening.

FAMOUS ICE FOLLIES DRAW RECORD CROWDS

Current local appearance of the dazzling Ice Follies, now playing nightly before a record series of capacity audiences at Winterland, in San Francisco, will end in a week, it was announced yesterday.

More than 170,000 persons have already seen the newest edition of the famous ice show and ticket demands are continuing to grow, according to the management. However, the Ice Follies plays in twenty other North American cities and previous bookings make the local closing necessary.

Definitely the "hit of the San Francisco mainland," the Ice Follies has drawn many people back time after time, as evidenced by their ticket orders. Reason for this, according to observers, is the beauty, grace and rhythm of the championship skating, masterfully combined into a lavish entertainment by the shows producer-stars, Eddie Shipstad, Oscar Johnson and Roy Shipstad.

In the opening number, which is called "Arctic Fantasy," two ensemble groups, a comedy group, a comedy single number and a dazzling pair skating act appear. Settings are spectacular, with

igloos reproduced from the far North and northern lights in the background.

Ice Follies tickets are available for every performance at Winterland, Walnut 0112; at Sherman Clay box offices in San Francisco and Oakland, and by mail order addressed to Winterland, Post and Steiner street, San Francisco.

Bullet's Ineffectiveness

The ineffectiveness of bullets shot into water is the result of the absorption of energy by the water. The amount that a lead bullet will flatten on impact with water varies with the striking velocity, the hardness of the lead and the angle of impact.

"Home Sweet Home"
"In the Good Old Summer Time"

Two grand old
songs take on new meaning
when an ELECTRIC RANGE does the
summer cooking AUTOMATICALLY

Would you like to hum these songs—together—and mean it this Summer? This can be YOU with laughter in your eyes and a song in your heart. And at every sundown you will feel perked-up because meal-times have not meant standing by a stove in a kitchen stuffy with the heat of a blazing sun!

Do as thousands of California housewives do—cook Electrically—cook Automatically. For these women have learned an Automatic Electric range is the most dependable and capable "help in the kitchen." They enjoy "hours off" while meals cook by time and temperature under precision control in the insulated oven of an electric range.

Automatic Electric cooking is a luxurious service to enjoy but is most certainly not a luxury in cost. You can afford it and you should have it.
